Guidelines for Touring Cultural Heritage Site

- When touring a cultural heritage site, take care not to deface or cause damage to the property.
- Follow the directions of the owner or manager of the property and take care not to cause inconvenience to other people around you.
- Some cultural properties are on or inside private property and are not open to the public. If you wish to view them, please inquire with the owner or manager in advance.
- Please obtain the permission of the owner or manager before taking photographs, making brass rubbings, or writing copies of cultural heritage.
