This screening questionnaire is used to improve the safety of vaccination. The child has been interviewed by the doctor, and information concerning the benefits, objectives, and risks(including serious side effects) of vaccination has been explained to me by the doctor, as has the nature of support provided if adverse events occur. I believe that I understand this information.

I (***do*** / ***do not***)* give consent for the child to be vaccinated. *Please circle your choise.

I understand the above and agree that this questionnaire can be submitted to the municipal office.
