

Educational Goals

Establishment of a unique and good school atmosphere

Based on the spirit of respect for human beings, it is our goals to foster a powerful body, solid academic ability, rich heart, and to cultivate energetic human beings who create the future.

For our school image, we aim to be a ...

- Cheerful and heartwarming school
- School training hard each other
- School which is open to the community

As students we aim to be...

- Students who are self-disciplined and respect themselves and others
- Students who think and work independently
- Students who are bright and seek beauty
- Students who are persistent and hardworking

As teachers we aim to be

- Teachers who understand our students
- Teachers who are both caring and resolute
- Teachers who strive to create better classes by engaging in self and mutual training
- Teachers who reflect on themselves and serve as role models for their students

For our educational goals

- Create attractive classes where students can learn from each other as well as individually.
- Have activities which enhance and foster students' self-esteem through relationships by supporting, teaching, and encouraging each other
- Be teachers who work as members of the organization
- Strive to improve the environment
- Manage school affairs while considering in the opinions of both guardians and students as well as promoting cooperation with the local community
- Conduct teacher training for effective educational guidance, student guidance, and educational counseling, etc.
- Revise educational activities, for continued improvement

Based on the above, all the teachers engage in educational activities.
